

OAKWORKS® Spa

Spa Mukul at Mukul Beach, Golf & Spa at Guacalito de la Isla, Nicaragua

The Professional's Choice
LUXURY SPA EQUIPMENT

Why choose Oakworks®?

MADE IN THE USA

Jeff Riach, CEO

Since 1977, when my wife Linda and I made all of our tables by hand in the commune where we started Oakworks®, we have always understood the importance of US manufacturing. Back then, Oakworks® allowed us to work close to nature, with our little solar heated shop and organic gardens outside our door. We spent seven years living off the land, had two children, and developed a view of life and values that were different than most. We came to understand that we are all connected to the land and to each other, we have a responsibility to nurture all. This sense of connection and responsibility is reflected in our commitment to US manufacturing, the environment, our customers, and our employees. We invite you to visit us in Pennsylvania and tour our factory.

DESIGN PHILOSOPHY

Our design philosophy is really quite simple; build beautiful products that support therapist's ergonomic health and client's comfort while insuring good value through high quality construction. Beauty is in the eye of the beholder, and within this catalog we are sure you will see something that catches your eye. Ergonomics are critical to insure that your therapists deliver their best work, day after day, all day long. High quality construction is both environmental and customer

imperative. We strive to deliver the highest quality products built to withstand the demands of any spa. We know that products that are built to last don't end up in landfills and we build products that are designed to be repaired if necessary, not thrown away.

RESPONSIBLE FOREST MANAGEMENT

Since our inception in 1977, we have maintained a strong commitment to both the environment and our employees. We make products that are built to last while having the least amount of impact on the environment as possible. We are Global Cooling Partners with Trees for the Future and have financed the planting of over 500,000 trees, completely offsetting our carbon footprint in recent years. We are a Forest Stewardship Council™ Certified plant, following their high standards that ensure we use woods harvested in responsible ways. Our Pennsylvania manufacturing facility meets or exceeds all EPA and OSHA standards for safe working conditions and we have developed many unique ergonomic work stations to insure our employees' health.

QUALITY POLICY

It is Oakworks® policy to provide world class products and services which consistently meet or exceed our customers' expectations. We will maintain the effectiveness of our Quality Management Systems and monitor and measure them in a pursuit of continuous improvement.

OPTIONS & ACCESSORIES	42-43
-----------------------	-------

We have been consulting on the design and development of spas across the country for more than ten years; we have recommended Oakworks® tables exclusively for the last eight years. We know that their tables are the best in the industry and have placed them in grand hotel spas, high end medical spas, and small practices of individual therapists and estheticians. They report that their table exceeds their expectations and that their clients often comment on the exceptional comfort and luxury of their table.

MANUAL/HYDRAULIC *lift system*

This hybrid system replaces the electric motor of the electric/hydraulic system with a fold away crank handle that easily lifts your client to the desired height. A great choice where electricity is problematic.

Shown here with Lift-Assist Backrest top, Seafoam fabric & optional Walnut stain & Cabinet with Standard One Piece Frosted Acrylic doors.

lift-assist salon & backrest tops

Lift-Assist

This easy to use system makes it possible to adjust the table even when your guest is on the table. The powerful gas cylinders are controlled by easy to reach finger controls that lock the table securely in place after movement.

ADJUSTABLE *lift system*

**550 lb. weight capacity

Our most economical system, the adjustable leg system utilizes a single knob per leg that securely locks the table at the chosen height.

Shown here with Flat top, Heron fabric, Natural finish, Storage shelf & optional QuickLock™ face rest platform & Boiance™ face rest crescent.

OAKWORKS® *Clodagh Series*

LIFE ENHANCING MINIMALISM

Clodagh passionately believes that good design supports well-being and that it can transform people's lives. Clodagh's design mantra is cleanse, clarify, contemplate, and create. She leaves nothing extraneous or superfluous, and all irritants are designed out. Yet, all the essentials are included; textured, sensuous and warm.

Clodagh Libra

The Clodagh Libra is the answer to insuring maximum room usage. Spa treatments, massages, pedicures and manicures can all happen in the same room, at the same time! The massage bed converts to a pedi spa throne in seconds, allowing you the flexibility to book any treatment in the same room and to offer multiple services at one time.

- quiet electric/hydraulic lift
- electric backrest & sliding seat
- multi-function hand & foot control
- plumbed or unplumbed versions

Height adjustment foot control & multi-function hand control standard!

Includes QuickLock™ face rest platform, Boiance™ face rest crescent & Manicure Arm Rests. Shown here in Pure White fabric & shelf in Natural finish.

Treatment Table

Close the pedi spa section and use as a massage bed or backrest table for spa treatments.

Pedi Spa Tub*

plumbed version*

Two powerful pipeless jets with wand and hose give you all the features of high end pedi spas without compromise.

***unplumbed version**

The Libra is also available in a unplumbed version for installations where water & drain can't be connected. It comes supplied with an electric drain pump & supply hoses that attach conveniently to a sink with faucets..

Clodagh Relaxation Lounge

Functional and beautiful, the Clodagh Relaxation Lounge creates a statement and a relaxing guest experience.

- electric backrest & leg rest with hand control
- built-in power outlet on side shelf
- removable pads for easy replacement

Optional Side Console

The perfect companion to the lounge, this matching piece allows you to not use the side table on the lounge and instead take advantage of the built-in power strip in the back of the console. The generous surface area easily fits a lamp and items guests would like to have at their side.

Shown here in Pure White fabric, optional Cherry stain & Side Console with accessories.

Power Strip in Side Console

Side Shelf

Can be installed without tools on either side of the lounge or not at all. Features an electrical outlet.

Black Acrylic is also used for the 100 Series Base Model sub-top

Fold Away Arm Rests

Optional arm rests are strong enough to be used by patients for support, but fold down out of the way when not needed.

Adjustable Head Rest

Easy to use and secure with a wide range of anterior/posterior and cervical flexion, this head rest also is designed to be used for prone positioning with the optional face crescent.

Stirrups

Stirrups retract into the table and feature adjustable length and angle with a comfortable heel cup.

Model 100 shown here with Seafoam fabric.

Marina™

The Marina™ is the most comfortable wet table experience available. The 3" (8cm) plush padding with built in area for a hot water reservoir, coupled with the Aqueduct™ drain and battery powered lift systems, ensures your clients are safe and comfortable through the whole experience.

- battery powered lift with stainless steel & mahogany base
- super comfortable top with recess for hot water warming source
- Aqueduct™ system directs water & materials directly to drain
- comes with wall mountable battery charger & extra battery

Shown here with Opal fabric, Wet drape & Fomentek® water bag (included).

Waterproof foot control standard!

Aqueduct™

Recessed design captures 90% of the water & materials, at the same time offering better ergonomics with easy on & off for clients.

Beautiful, Tough Construction

The powder coated stainless steel base and FSC® certified mahogany accents with waterproof finish are designed to take the punishment of the busiest wet rooms.

Battery Charger

Comes with battery charger & extra battery.

Oakworks® Slimline Trolley

Oakworks® Slimline Trolley is the perfect choice when space is at a premium. The small footprint and casters, along with the versatile design, insure you can get all of your important items near you while you work. The high quality solid surface countertops, two drawers and a large adjustable shelf area make this the most versatile trolley in our line.

- all hardwood construction, no particle board
- top drawer integrated pull out work shelf
- large bottom storage drawer
- hot towel cabi ready storage area
- built in power strip
- 2" (5cm) casters
- choice of wood finishes and solid surfaces

Shown here in Arctic White solid surface top & Natural finish.

Convenient pull out work shelf can be removed for cleaning.

OAKWORKS® *features & options*

Celesta® shown here with Flat top, Taupe fabric & optional Walnut stain, Signature Frame and Panel Grass Pattern Acrylic doors, QuickLock™ face rest platform & Boiance™ face rest crescent.

Mix & Match to Perfection

Oakworks® offers you a broad range of features and options to help you create the perfect match for your needs. From functional requirements like width, foam, and lift system to aesthetic considerations like door styles, fabric colors, and stains, Oakworks® makes it easy to create the product that matches your vision of perfection!

Clinician™ Premiere shown here with Modern Molding, Pure White fabric & optional 6" Aero•Cel™ padding, Ebony stain, Signature One Piece Ebony Mosaic Solid Surface doors & Adjustable Side Arm Rests.

Cabinet Doors

Our doors are sliding doors because this design is the most functional. They are easy to open even when the table is heavily draped and need less room than hinged doors in small rooms. More options available in our Custom Shop.

STANDARD CABINET DOORS

These beautiful door options are no extra charge on all cabinet models. They are available in a wide variety of stains & lacquers.

Solid Surface

Ebony Mosaic
Solid Surface

Solid surface doors available in one piece only.

Tambour Cabinet Doors

Upgrade to our signature Tambour cabinet doors, exclusively for the Celesta®.

CABINET HARDWARE

Doors come standard with our beautiful brushed nickel handles.

Fabric

TERRATOUGH™

Oakworks® exclusive, PVC-free, 100% polyurethane faced fabric features a durable cloth backing, creating the perfect combination of suppleness and wear-ability.

Padding

Our padding systems are all multi-layered to create the perfect balance between comfort and longevity. High quality, high density 100% polyurethane foams ensure longevity. Salon tops feature super high density lower layers in the seating area for excellent longevity. We do not use memory foams because these can cause ergonomic problems for therapists and do not enhance the comfort in comparison to our designs.

4" (10cm) Aero•Cel™

Oakworks® exclusive system features the best combination of softness, longevity and ergonomics for therapists.

6" (15cm) Aero•Cel™

When the ultimate in comfort is required, this is it. The same high quality foams as in the 4" system, just softer. Note: does increase the height of the tables by 2".

3" (8cm) Plush

This lower cost system creates a good balance between comfort and longevity.

We strive to ensure that the colors displayed on our product imagery (online and in print) are as accurate as possible. However, due to the limitations of printers, scanners, computer monitors, and other equipment, the colors may not be accurate. In order to receive an accurate representation of color, please contact us for a sample.

Wood Finishes

STAINS & LACQUERS

Oakworks® offers a good selection of finishes to complement your room. Stains allow the natural grain of the wood to show through and create depth. Lacquers are more opaque and have a more solid appearance. *Upgrade to your choice for an additional charge.*

Standard Natural Finish

Optional Stains

Optional Lacquers

We strive to ensure that the colors displayed on our product imagery (online and in print) are as accurate as possible. However, due to the limitations of printers, scanners, computer monitors, and other equipment, the colors may not be accurate. In order to receive an accurate representation of color, please contact us for a sample.

Table Options

FULL FUNCTION CONTROLS

Every Oakworks® Spa table comes with a foot control that controls all electric functions. These give you easy access to all functions during a session; no more hunting for the hand control. But for those that prefer a hand control, this is also available as an option.

Multi-function foot control

Multi-function hand control

HOT TOWEL CABI READY

Many models are designed to handle Taiji 12 (or equivalent) and feature internal electrical outlets.

Shown in Celesta

Shown in Clinician

CASTERS

Available on PerformaLift™ & ProLuxe™ tables.

Castors shown on ProLuxe™

Castors shown on PerformaLift™

If you don't find exactly what you are looking for, visit our "Custom Shop" section on pages 33-35 for more options & styles!

Top Designs

ELECTRIC SALON TOP

Our patented design features a fully electric top with a backrest designed to improve the ergonomics of therapists while working seated. The seat section features our super high density lower foam layer to prevent bottoming out and the extra length in the seat ensures that every guest is comfortably supported. The advanced linkage systems stabilize the top and allow us to offer the auto adjusting arm rest system that stays level throughout movement of the backrest.

LIFT-ASSIST SALON TOP

The same great features as the Electric Salon top, but without the cost associated with powered tops. Powerful gas cylinders help you lift the backrest and leg sections to an infinite number of positions even while the client is on the table.

Leg rest adjustment

Backrest adjustment

LIFT-ASSIST BACKREST TOP

The backrest top with Lift-Assist is a great choice when the full functionality of a salon top is wanted, but your budget demands a compromise. Just use a bolster under the knees to create the support you need. Adjustable Arm Rests are not compatible with this design.

Backrest adjustment

WAVE BACKREST TOP

This low cost system offers 5 different positions and rock solid support for your clients. Just lift the back slightly to move the support arm to a different position. Available on the Clodagh Virgo and Seychelle only.

FLAT TOP

The Flat top comes standard with round corners and is the perfect choice for a room dedicated to massage and other modalities that don't require a semi-reclining position.

OAKWORKS® *Custom Shop*

create

*Not finding exactly what you want?
Welcome to Oakworks® Custom Shop!*

As a US manufacturer where all our tables are built from scratch, we have the ability to create exactly what you want. We welcome your creativity and vision, and along with our talented staff we are sure we can make exactly what you need. There are so many designs we have built in the past and on these pages we would like to show you some.

So, browse and dream, and if you want to talk to us about creating a unique product, just give us a call!

Clinician™ Premiere shown here with Electric Salon top, Modern molding, Opal fabric & optional Ebony Lacquer with fabric covered door panel inserts & Adjustable Side Arm Rests.

FABRIC DOOR PANELS

Send us the fabric of your choice and we will install it in your table's cabinet doors. The options are endless and can be easily interchanged.

*Contact us
for more details!*

Clinician™ Premiere shown here with Flat top, Colonial molding, Coal fabric & Natural finish and optional fabric covered door panel inserts.

CHROMATHERAPY & SOFT WHITE LIGHTING

We can add Chromotherapy inside cabinets with translucent panels, under some tables with cabinets so the light shines on the floor, and even on tables with bead curtains. The lights can rotate through a rainbow of colors or you can pick a particular color. We also have the option of a soft white light.

Chromotherapy on Clinician™ Premiere with Colonial molding, Cherry stain, Frame and Panel Leaf Pattern Acrylic doors & Frame and Panel Leaf Pattern Acrylic end panels.

Chromotherapy on Frosted Acrylic end panel, custom silk screened skyline shown. You could put your signature graphic here.

Clodagh Bead Curtain on Clodagh Leo with Chromotherapy.

Soft Light option shown on Clinician™ Premiere with Frosted Glass end panel and custom skyline.

CLODAGH BEAD CURTAIN

Custom beaded curtain available on Clodagh Leo and Clodagh Libra tables. Shown on Clodagh Leo

CUSTOM LASER ENGRAVING

We can laser engrave your logo, graphic, or just about anything onto any wooden part

CUSTOM STAIN MATCHING

Our standard selection of stains and lacquers is not extensive because we know that there is a good chance you might want to match your existing finishes. We can match most finishes if you can supply a sample and have some time to go through the process.

CUSTOM WOOD

This service gives you a lot of flexibility to really match existing finishes or make a bold statement. Let us know what you would like to consider and we will research the wood and make suggestions. Woods must have certain structural characteristics to be used in many parts of our tables as hard maple is very strong and hard. Plywood elements are easiest as most are not structural.

Lacewood

Zebrawood

Curly Maple

What Else?

These are just some of the ideas you might want to consider, and you may have many more such as hardware, fabric & foam. If you are interested, just call us and we'll be happy to discuss your ideas!

OAKWORKS® *accessories*

*The perfect addition
for added comfort
and support!*

Spa Table Package Available on salon tops only.

QuickLock™ Face Rest Platform
& Boiance™ Face Rest Crescent

Adjustable Side Arm Rests

OR

Adjustable Manicure
Arm Rests

ADJUSTABLE SIDE ARM RESTS

These incredibly versatile and comfortable arm rests feature plush padding and a wide range of positions. They always stay level, regardless of the backrest angle. They rotate in and out for comfortable positioning and can be moved completely out of the way to allow guests to get on and off the table easily. They also can be lifted up out of the way, or completely removed. *For Salon tops only, may be ordered separately.*

ADJUSTABLE MANICURE ARM RESTS

With more versatility than the Adjustable version, these amazing arm rests also feature a stainless steel soaking bowl, sliding work surface and easily maintained surfaces to create a perfect balance of guest comfort and technician ergonomics. *For Salon tops only, may be ordered separately.*

BODY CURVE™

This deceptively simple bolster is designed to perfectly support the cervical spine and offer great accessibility to the neck for therapists.

UNIVERSAL TABLE EXTENDER

Perfect as a head rest, foot rest, or even lowered arm rest, it has two dowels that fit into outlets on the table.

BOLSTERS

Oakworks® has a wide variety of bolsters to suit every purpose and colors to match every table. Visit www.spatables.com for more information.

Accessories

BOIANCE FLOAT

6 Water Spheres, the same ones used in the famous Boiance Face Cradle Pillow, float the pillow and isolate it from the platform and table. Just place the Float between your face rest pad and platform.

- Incredible freedom of movement in all directions
- Eliminate compression of the cervical spine
- Works with most major brands of face cradles and pads
- Patent Pending Water Sphere Technology
- Just insert between cradle and pad!

BOIANCE™ FACE REST CRESCENT

This patented pad is the most comfortable on the market. And the pad is everything! The unique design features water balls that float the face and maximize natural circulation in the skin while minimizing sinus pressure.

The MOST comfortable face rest EVER!!! Before the Boiance™ I could not put the words "comfortable" and "face rest" in the same sentence. Not anymore. I began using it on my clients and now they want to be prone the entire massage!!!

SUSAN SALVO, B.Ed., LMT, NTS, CI

QUICKLOCK™ FACE REST PLATFORM

The industry favorite for 20 years, this super adjustable platform securely locks in place at exactly the right position for every client.

OAKWORKS Spa

LOWERED ARM REST SHELF BRACKET & AROMATHERAPY SHELF

Create a visual and olfactory experience while supporting your clients arms with our unique Aromatherapy Shelf (includes arm shelf and stainless steel bowl). The Lowered Arm Rest Shelf Bracket allows you to adjust the height of the support surface to fit you clients when used with the Aromatherapy Shelf or Universal Table Extender (sold separately). The bracket can easily be removed when not in use.

WET BOLSTERS

These inflatable PVC bolsters are perfect for use with our Marina™ treatment table. Just inflate to the desired height.

AERO•CEL™ FACE REST CRESCENT

4" of super soft foam make this popular crescent very comfortable. Works with the QuickLock™ Face Rest Platform.

SIDE LYING POSITIONING SYSTEM

Side lying is the preferred position for working with pregnant women through most of their pregnancy. This system was designed with leading pregnancy massage educators to safely and comfortably support pregnant women throughout their pregnancy. Also great for guests with back problems.

Accessories

STOOLS

These durable, comfortable stools support up to 300 lbs. and offer simple pneumatic height adjustments.

Visit www.oakworks.com to see our full line of stools.

Premium Stool

Professional Stool with Saddle Seat

Premium Stool with Backrest

Professional Stool with Backrest

PREMIUM TABLE WARMER

The super thick fleece with built in warming element and digital control creates the ultimate in comfort and functionality.

TABLE & FACE REST FLEECE

Protects your table & face rest from exposure to oil, it's washable, and provides your clients with warmth and comfort.

TABLE TOP CUSHIONS

Aero•Cel™ Table Top Cushion

Want to upgrade your table to the latest in comfort and great ergonomics? These new pads allow you to make your table the most comfortable one your clients will ever experience! Your choice of 1" (2.5cm), 2" (5cm), or 3" (8cm) of super premium Aero•Cel™ padding in a TerraTouch™ cover that matches your table is only the start of the transformation of your table.

Premium Heated 2" (5cm) Aero•Cel™ Table Top Cushion

Take it to the next level with our Premium 2" Heated Aero•Cel™ Table Top Cushion! Experience 2" of super premium Aero•Cel™ padding in a TerraTouch™ cover that comes installed with a heating pad for the ultimate in comfort & relaxation.

PREMIUM POLY/COTTON SHEET SET

Premium, 200 count poly/ cotton sheet set includes fitted, flat and face rest cover. Available in Ivory.

PAPER ROLL HOLDER

This simple design is adjustable in length for different size rolls and plugs into the outlet holes on our tables.

TABLE CART

A must have for taking portable tables long distances.

All Oakworks® upholstered accessories are available in fabrics to match your table and can be ordered at any time separately.
